The Truth About Boston Marathon Attack

Introduction

Thank you for reading [The OzBoy File – Truth About Series Books](#), In this case ["The Truth About Boston Marathon Attacks" Part 2](#)

I am changing pace a bit and format and have to first off to thank for using some of their pictures. "WE The People" that's the average Joe and Mary soccer Mom out there who released their picture on the Internet so people like me can do in the real perpetrators behind these attacks.

We have hundreds and hundreds of people who the FBI, CIA, Mossad and Homeland Security trained in Terrorism studies and taught us all well to be vigilant and how spot a Terrorist, **(Which is these people at present FBI, CIA, Mossad, MI5, MI6, Mossad Homeland Security and US Military)** carrying out Terrorist Attacks, They are staging.
When a country goes down the path of

Staging: - "False Flag Terrorist Attacks"

Staging: - "False Flag Terrorist like Events"

Staging: - "Fake Terrorism Raids"

Staging: - "Setting Up Patsy's In Terror Plots"

The Truth About Boston Marathon Attack

When a country goes down this path of creating **"The Enemy"** all the time then in the next breath profess to have closed down and stop the same things from happening.

They fall into the trap of **"Creating The New & Next Enemy"** all the time, soon all they see is bad men under every bed, in every wardrobe, behind every door.

I submit that this is all that is happening at present US President Barrack Obama and his administration has NO Policies to implement for **"We The People"** of the United States of America.

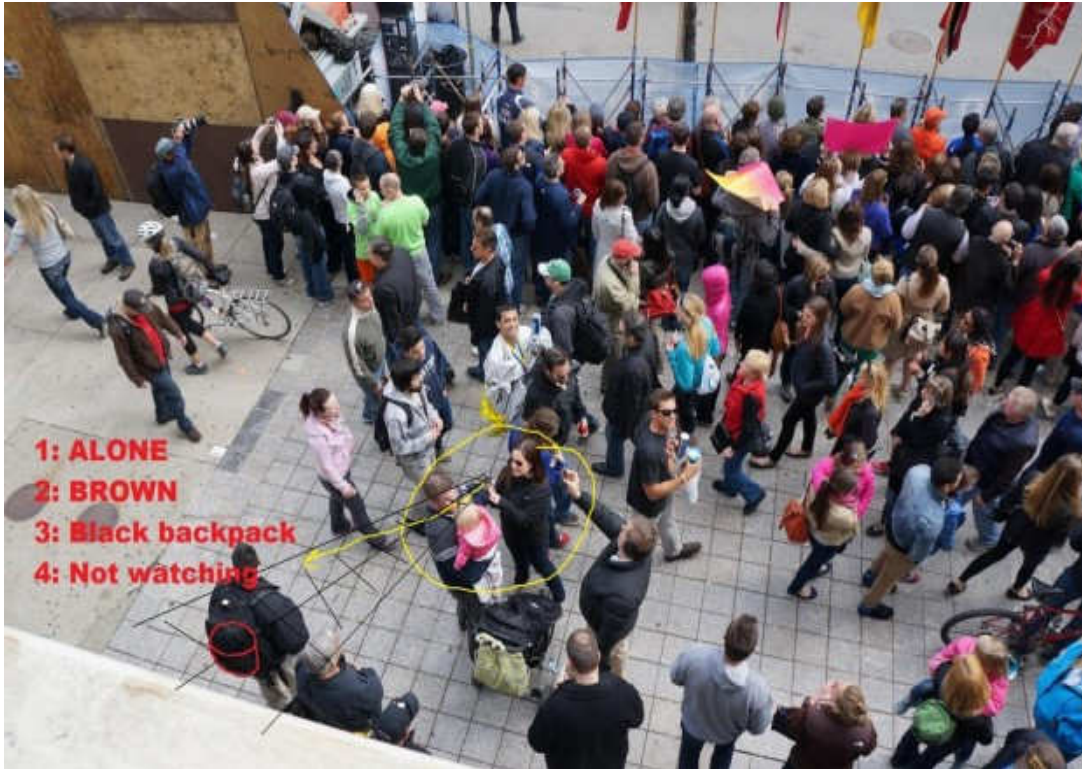

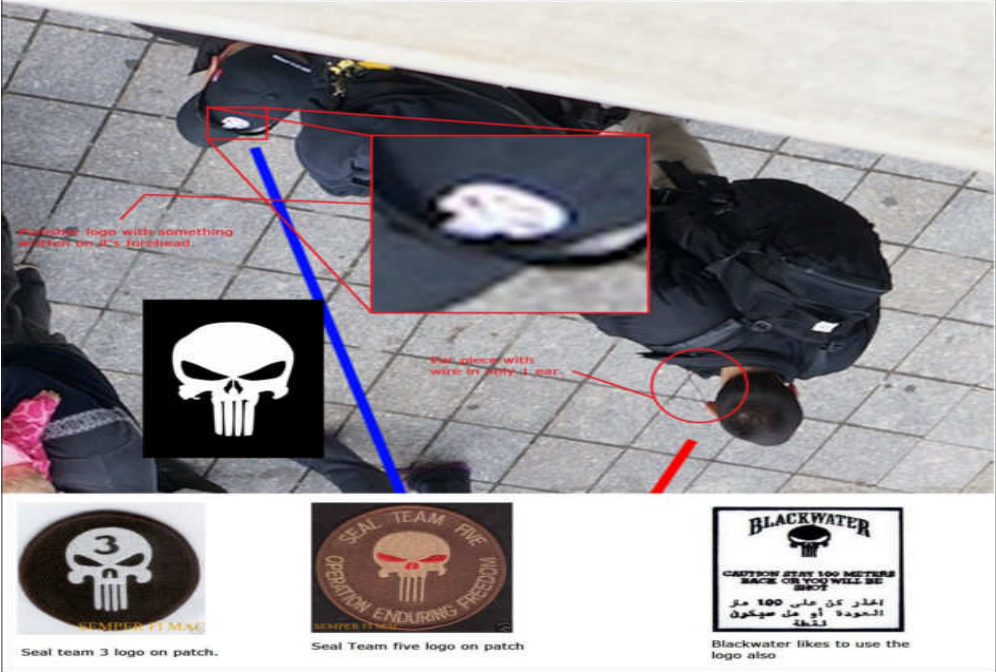

All his policies are suited and directed to help the Zionist Jewish Bankers and Globalist World Wide to take control using the PNAC agenda and Clean break plan and help lead the Worlds countries to WW111.

US President Barrack Obama ever since elected the first term of Office and now the second term in Office has proven the be the Greatest Liar in Chief the American people have ever seen.

And then we have our friends at the FBI, there is 11 years of dirt and mud on this agency setting up Terrorist Plots and staging things, so in proving these attacks were a Inside Job, I will go though now and present some stories from the Alternative Media all the stuff that Mainstream never told people.

At the end of the day I will leave it up to you people to work out and make up your own mind if this was an inside job, sit back and enjoy people.

THE BOSTON BOMBERS

Tamerlan Tsarnaev (right) with Dzhokhar

Tamerlan and Dzhokhar Tsarnaev are not the Boston Bombers.

They are like Lee Harvey Oswald.

Reportedly, there was a Lee Harvey Oswald in New Orleans and at the same time as there was a Lee Harvey Oswald in Japan.

JFK 101 - JFKresearch.com

There were no videos like the officials claimed and they had no images of the brothers either planting bombs or standing around watching the carnage.

All of that was a lie.

Video of Dzhokhar Planting Bomb is Forgotten

The FBI knew all about Tamerlan Tsarnaev, who **may** have been part of the CIA plot to destabilise Russia.

Reportedly, Tamerlan had visited Dagestan and had links to the CIA-run Chechen terrorists.

Dagestan and Chechnya are parts of Russia.

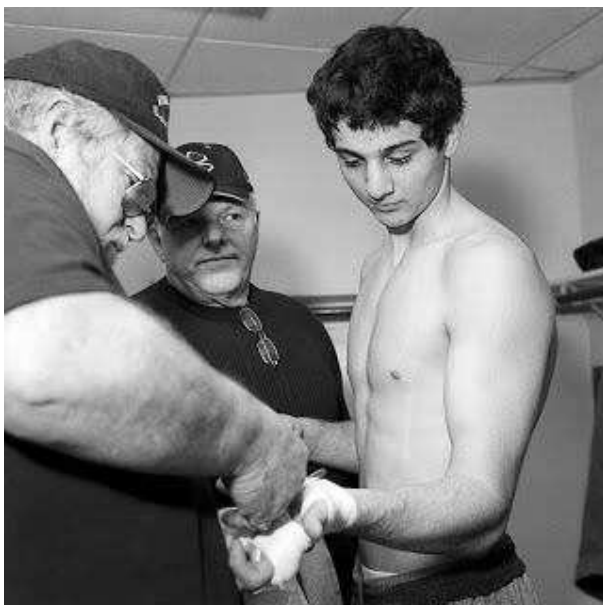

Russian intelligence reported to the FBI that Tamerlan was in 'direct contact' with anti-Russian militants.

"But the FBI discounted Tamerlan as a threat, despite telling his mother he **was** an 'extremist leader'"

Tamerlan's mother, Zubeidat, said Tamerlan "was controlled by the FBI for five years. They knew what my son was doing."

Tamerlan in the USA

Tamerlan, a Chechen, lived in Dagestan for two years with his family prior to moving to the US.

In 2012, Tamerlan spent six-months in Russia, reportedly visiting Dagestan, a part of Russia which has been destabilised by the CIA.

The CIA's Doku (Dokka) Umarov, believed to be behind the Moscow Metro bombing in 2010 which killed at least 40.

Doku Umarov, like the Tsarnaev brothers, is a Chechen.

Umarov has been accused of masterminding terrorist atrocities in Russia, including Moscow.

Dokka Umarov led terrorist death squads in Chechnya, in Russia, from the 1990s until 2011.

Reportedly, his 'front organisations' have been funded by the US State Department.

'The brains behind the Islamic Terrorists' are said to include **Zbigniew Brzezinski, Richard Perle William Kristol, Elliott Abrams, Kenneth Adelman, and Robert Kagan**

"The Kavkaz Center is the propaganda mouthpiece of terrorist leader Doku Umarov."

Major Nidal Hassan, the accused shooter in the 2009 Fort Hood massacre, was very well known to the FBI prior to the massacre.

Prior to the massacre, an FBI investigation concluded that Hassan's emails exchanged with al Qaeda's Anwar al-Awlaki were innocent and that he was not a threat.

Headley

David Headley, who planned the 2008 Mumbai attacks, was very well known to the US security services prior to the attacks.

Headley had worked for the US Drugs Enforcement Administration and he had boasted to a close friend that he also worked for the CIA.

Danino

Just before the Boston Bombings, Israeli Police Chief Yohanan Danino had organised to send Israeli officers to Boston.

According to RT, "Israeli law enforcement planned the trip before the bombings."

Israelis Flown in for Boston Shoot-Out?

After the bombings, Danino announced that his officers had flown to Boston to "meet with FBI agents and other authorities" to participate in discussions that "will center on the Boston Marathon bombings and deepen professional cooperation between the law enforcement agencies of both countries."

"Just a few minutes after the Pentagon was devastated by explosions on 9/11, FBI agents showed up at the gas station and hotel across the street and confiscated security videos showing what had happened.

David Headley, from Chicago, has admitted to planning the Mumbai attacks.

"Tripathi left his home without his wallet, cellphone, or bicycle - his main form of transportation, according to ABC News.

"Tripathi had been struggling with depression, according to his family's Facebook page "Help Us Find Sunil Tripathi." He took a leave of absence from Brown last year.

"Friends and family that he spoke to on Friday, March 15th said they saw no indication of abnormal behavior."

Sunil's father, Akhil Tripathi, has held a senior position at Harleysville Insurance.

Tripathi and Mulageta or the Tsarnaev brothers?

"From the start, 22-year-old Sunny Tripathi, the son of a wealthy software CEO, has been shrewdly marketed by his tech-savvy family as a 'missing Brown student'...

"In reality, however, this young man isn't missing, per se, and he's not a student at Brown University either."

Jon Rappoport asks: Is the Boston pressure-cooker bomb a lie and a hoax?

(www.nomorefakenews.com)

"... I had researched and written about the 1995 Oklahoma City bombing.

"I and others discovered that the official scenario about the bomb in the Ryder truck, parked at the curb outside the Murrah Federal Building, was grossly incomplete...

"Bombs wired into columns of the Murrah Building had done the significant damage.

"A photo of a mangled pressure cooker ... shows the pressure-cooker plug and, near it, one small round hole, machined apparently by the manufacturer.

But...no other small holes. I see discolorations but not dozens or hundreds of holes.

"Yet we are told that the Marathon bombs were placed inside pressure cookers and packed with nails and ball bearings.

If that were true, the explosions would have created many, many small holes as the inserted shrapnel flew through the cooker and out in every direction."

There is a NATO link to the Madrid Bombings of 2004.

On 4 March 2004, the Madrid Bombings took place.

A few hours before the Madrid Bombings, NATO carried out a terrorism exercise in Madrid. (Translate this page)

“You had to attack civilians, the people, women, children, innocent people, unknown people far removed from any politicalgame,” stated Gladio operative Vincezo Vinciguerra.

Let us look at Belgium and terrorism.

**From NATO, Gladio and the strategy of tension.
N.A.T.O stay behind.:**

In Belgium, in 1984 a squad of US Marines were parachuted into Belgium, and met by a member of Belgian military intelligence.

They attacked a police station.

Initially the attack was passed off as terrorism, but was later proven to be the work of the American and Belgian military - as confirmed by the Senate investigations of 1991.

Belgian soldiers roasting a boy

Other attacks occurred in the area around Brussels called Brabant over a period of two years.

Jewellers, restaurants, and in a number of cases supermarkets were attacked by a gang of heavily armed and ruthless men.

In all the attacks very small amounts of money were taken, while "at the same time massive brutality and professionalism was employed" [NATO's Secret Armies pg 139].

For example, on November 9th 1985 on a busy Saturday, three armed hooded men entered a supermarket and started shooting.

Eight people were killed, some while trying to escape.

The money taken from the raid amounted to a couple of thousand pounds, and was found dumped in a canal in an unopened sack...

An official report published on the Brabant Massacres in 1990, before the discovery of the secret army network, had concluded that the killers had official links:

"According to the report, the killers were members or former members of the security forces – extreme right-wingers who enjoyed high-level protection and were preparing a right-wing coup"

[NATO's Secret Armies, pg 145]
